Brand new machines will have factory guarantees, and the payment method is 50% deposit, 40% balance, and the remaining 10% will be paid after the machine is used for one year. 3. We provide latex production formulas and complete after-sales services. For example, we have a professional installation team that can install the entire line for you, and the customer can provide wages. Working hours are determined according to customer requirements. 4. We can also arrange for technicians to go on business trips to your factory---adjust the latex formula according to the local temperature and humidity in your country, so that perfect latex products can be produced 5. Customers who cooperate with us can get latex concentrate produced in our Thailand factory at a low price, and the price is very favorable. If you have a fixed supplier, it is not necessary 6. You can contact me at any time to buy a machine. If there is a problem, we can arrange a business trip. If the accessories are
